- ✚ May 23- Hanging Mobiles are due
- ✚ May 25- Field Day
- ✚ May 26- Last Day of School

Classroom Notes

Dear Parent(s),

We have completed our NWEA tests in reading and math. I will send these results home next week. We were all so excited when we saw our results. Our scores are a result of a year of hard work. Outstanding and well worth the effort. This is a good life lesson.

Everybody has mastered the multiplication and division facts. Congratulations!!!! It would be a great idea to practice these over the summer from time to time, so it won't be so difficult again in August.
